FORMATS AND SIZES

- All full page ads must include 4 mm bleed and have crop marks.
- If the perimeter of ¼ and ½ page adverts is not delineated by a key line, image or background tint we will add a 0.25 pt black keyline.
- Do not add bleed to ¼ and ½ page adverts.
- Leave a **17 mm** margin from the left and right trim marks and a **10 mm** margin top and bottom. This is to ensure that all text and logos are in the 'safe type area'.
- Please bear in mind that adverts with all white backgrounds might have some show-through – a light tint is recommended.
- Double page spreads must be supplied as two separate full page PDFs
