Frieze Masters 2019: Announcing Galleries, Sections and Curators for Eighth Edition

Today Frieze announces the galleries and curators participating in Frieze Masters 2019, opening 3 to 6 October in The Regent’s Park, London. This year new expertise in 20th-century and Asian art is brought to the fair with the addition of Laura Hoptman (The Drawing Center, New York) and Amin Jaffer as curatorial advisors. Set within a structure designed by Annabelle Selldorf, the eighth edition will bring together six millennia of art history, from exquisite antiquities, to Old Master paintings and luminaries of the 20th century, creating an exceptional environment to discover and acquire. Frieze Masters coincides with Frieze London and Frieze Sculpture in The Regent’s Park, together forming the most significant week in London’s cultural calendar. Global lead partner Deutsche Bank supports Frieze Masters for the eighth consecutive year, continuing a shared commitment to discovery and artistic excellence.

Opening up new perspectives across art history, the 2019 programme is shaped by curators from world-class institutions, working in collaboration with Victoria Siddall (Director, Frieze Fairs) and Nathan Clements-Gillespie (Artistic Director, Frieze Masters). For the first time, Laura Hoptman (The Drawing Center, New York) will curate Spotlight at Frieze Masters, comprising solo presentations by revolutionary figures of the 20th century; writer and art historian Amin Jaffer also joins the curatorial roster on the Collections section, alongside Sir Norman Rosenthal (independent curator); and Tim Marlow (Royal Academy of Arts, London) returns to oversee the celebrated Frieze Masters Talks programme featuring today’s leading contemporary artists in conversation with museum curators and directors.

Victoria Siddall said: ‘This year’s editions of Frieze London and Frieze Masters embody the exceptional international spirit of London, a city that is a meeting point for art, ideas and people from all over the world. We will welcome the most significant galleries from around the globe, across both fairs, some of whom are joining us for the first time. They represent art and artists from around the globe, from the Asian
influence on Collections at Frieze Masters, to new galleries joining Frieze London from Brazil, Lebanon, Estonia and Taiwan, as well as leading programmes from the USA and Europe. The two fairs and Frieze Sculpture, along with exhibitions opening during Frieze Week including Kara Walker in the Turbine Hall of Tate Modern and Elizabeth Peyton at the National Portrait Gallery, make Frieze in London a vital and truly global cultural moment in the city.

Frieze is the world’s leading platform for modern and contemporary art for scholars, connoisseurs, collectors and the general public alike. Frieze comprises three magazines—frieze, Frieze Masters Magazine and
**Frieze Week**— and four international art fairs—Frieze London, Frieze Masters, Frieze New York and Frieze Los Angeles. Additionally, Frieze organizes a program of special courses and lectures in London through Frieze Academy.

Frieze was founded in 1991 by Matthew Slotover and Amanda Sharp, with the launch of *frieze* magazine, the leading international magazine of contemporary art and culture. In 2003, Sharp and Slotover launched Frieze London art fair, which takes place each October in The Regent’s Park, London. In 2012, they launched Frieze New York, which occurs each May in Randall’s Island Park, and Frieze Masters, which coincides with Frieze London in October and is dedicated to art from ancient to modern. In 2018, Frieze announced the launch of Frieze Los Angeles, which opened February 14–17, 2019 at Paramount Pictures Studios, Los Angeles. In 2016 Frieze entered into a strategic partnership with Endeavor, a global entertainment, sports and content company.

**Endeavor** is a global entertainment, sports and content company comprised of industry-leading brands including WME, IMG and UFC. **The Royal Parks** is the charity that exists to make sure London’s eight historic royal parks will always be there to enrich the lives of local residents and visitors to London. This recently created charity does this by:

- Sensitively and sustainably protecting and conserving the heritage-landscapes of the parks
- Adding value to every visit by providing information and opportunities to find out more about the historic significance of the parks and the wildlife that lives in them today
- Supporting and encouraging the development of biodiversity in the parks
- Encouraging visitors to support their physical and mental health by using the parks for relaxation and exercise

It costs £40m a year to manage the parks. The charity raises around 75 per cent of this money itself, with the remaining 25 per cent coming from Government.

RICHARD MILLE Closely approaching its first two decades, Richard Mille’s brand timepiece creations have taken on legendary status within the world of horology for the way in which they revolutionised and reimagined the art of Swiss watchmaking. Within the highly confined physical areas of a few square centimetres, its timepieces utilise all three dimensions for the creation of arching spaces and cross sections, from the exterior watchcase into the movement itself. Even the layout and finishing details of all the mechanical parts are viewed as essential visual and stylistic elements within the scope of Mille’s holistic approach to watchmaking: ‘My view is that there is artistry in many places and even amongst so-called utilitarian objects like cars and watches. For that reason, we work very hard to ensure our timepieces are multi-layered in their visual expressivity and use of materials. Defining these aspects during the design process are not far removed from the world of miniaturist painting, where an entire world can open up within a very confined area of just a few square centimetres,’ shares Richard Mille.

This transformation of watchmaking into an artistic endeavor is reflected in the company’s multi-layered connections with different aspects of the arts. Éditions Cercle d’Art, the publishers and supporters of Pablo Picasso and George Braque in their early years is an integral part of the Richard Mille Group. Partners of the brand include the famed dancer and choreographer Benjamin Millepied, the Palais de Tokyo museum in Paris.

Ruinart: Official champagne partner for all Frieze art fairs including Frieze Masters, Maison Ruinart laid the first stone of the history of champagne on September the 1st, 1729. Over almost three centuries, it has never ceased to perfect the excellence of its wines. Its oenological choice, determined by the predominance of Chardonnay in its cuvées, is the signature of its authentic and recognized expertise. The universe of
Maison Ruinart is today defined by elegance, purity and light. The balance between its roots and the audacity of its commitments is the key to its success, making it a Maison that is forever contemporary.

Ruinart expresses its commitment to art by commissioning artists, starting in 1896 when Alphonse Mucha created the Maison’s first artwork. Each year, artists receive carte blanche to express their vision of the Maison, to share its heritage, savoir-faire and the excellence of its cuvées. In 2019, Maison Ruinart reveals its collaboration with Brazilian artist Vik Muniz who paid tribute to the terroir and the savoir-faire that the Maison is rooted in.
